

Outline of Nine Ways of Engaging Learners in Large Groups
© 2003 Richard G. Tiberius, University of Miami School of Medicine

I Engaging learners intellectually

1. Communicating clearly & organizing the subject
2. Aligning the subject to other elements/relevance
3. Stimulating thinking, excitement

II Engaging learners personally

1. Establishing rapport
2. Fostering teacher-learner interaction
3. Fostering learner-learner interaction

III Engaging learners dramatically

1. Set the stage: prepare for a dramatic presentation
2. Know and use the devices and skills of dramatic presentations
3. Engage in drama with students and others
